STUDY MBBS FROM UZBEKISTAN

Uzbekistan is officially known as the Republic of Uzbekistan after attaining Independence on August 31, 1991. It is a landlocked country in Central Asia. Uzbekistan is the 56th largest country by land and ranked the 42nd largest population in the world. It has a continental climate with 40°C hot in summer & winter temperatures of around - 2°C cold or even more.

Culturally, Uzbekistan has a rich and diverse heritage that is backed by its layers of history and its beautiful location. The people of Uzbekistan speak the Uzbek language and the Russian language is mainly used in public governance.

Why Study in Uzbekistan

Studying MBBS in Uzbekistan has become an ideal option for Indian Medical Aspirants. The Top Medical Universities in Uzbekistan offer a 6-year MBBS course in English Medium at an affordable cost. The standard of education is equivalent to that of developed countries like the USA, UK, Canada, etc. Medical students who graduate with MBBS from Uzbekistan are eligible to apply for a Medical Licensing Examination to obtain a certificate to work in any part of the world.

The Duration of MBBS in Uzbekistan is 6 years which includes 5 years of theoretical and clinical rotations and 1 year of mandatory internship. In the 5 years of the MBBS course, students are given a chance to learn through practical training and are encouraged to attend clinical rounds at the university's affiliated hospitals to help them gain better experience in the medical field to become excellent doctors.

STUDY MBBS FROM BELIZE

The Central America Health Sciences University (CAHSU), Belize Medical College was founded in 1996. The University is located in Belize City, Belize. Previously known as British Honduras, Belize lies on the east coast of Central America in the heart of the Caribbean Basin. The country borders Mexico to the north, Guatemala to the west and south, and is flanked by the Caribbean Sea to the east. Belize offers beaches and a semi tropical climate. It is a small, politically stable Commonwealth country with English as its official language. The University's location in Belize City allows easy access to the United States, Central and South America and Mexico.\

CAHSU is a medical school with a curriculum patterned after the US medical programs. The University ensures its students receive a well-rounded education, allowing them to develop into skilled and responsible physicians well equipped to enter into the competitive job market upon graduation.

STUDY MBBS FROM UKRAINE

Ukraine has Europe's largest international student population, with nearly 20,000 students choosing to broaden their education and life experience in Ukraine. Nearly 8% of all students enrolled in higher-level education are international students, and the numbers are growing. From the mid-1990's, when international student enrollment was only just reaching 5,000, international education in Ukraine has come a long way.

We look forward to helping students who, like you, are considering continuing their education in Ukraine. You will find all of the tools you need to compile your necessary research in deciding if Ukraine is the best place for you - we have gathered valuable information on educational, social, cultural and economic aspects of studying in the Ukraine.

STUDY MBBS FROM CHINA

Study Medicine – MBBS in China

**Course Duration :
5+1 Yrs.**

**Intake :
March & Sept.**

The Chinese education system is one of the biggest educational systems of in the world. It has an extended history of providing education for ages. Over the past few years, China has been catering international students at increasing rates. It has created a change when it comes to the development of education in the country. China being the oldest civilization of the world, the tradition continues till date in the field of medicine. To ensure a high-quality and standardized academic expertise for international students, the Chinese Ministry of Education (MOE) introduced the 'Interim Provisions for internal control' Standards in college man Medical Education' in English for international students in 2007. It is reviewed annually. It lists forty-nine medical colleges that are approved by the Chinese government to simply accept international MBBS students. The colleges that are not listed aren't allowable to inscribe international students for clinical medical programs in English. In recent years, lots of scholars from completely different cultures are opting for China for medical education.
